Foreword

We, the senior class of 1968, take great pleasure in presenting to you this nineteenth edition of the Martinian. We hope that you will enjoy the memories that this picture-filled book holds within its pages.

The year has come and gone swiftly, but no matter what the years ahead hold for us, we will always have memories of the years we spent at Martin. We hope that this book will preserve for you the joys and heartaches that occurred throughout the year.

Dedication

During the process of receiving one's high school education, many persons make worthwhile contributions. Teachers, of course, make the most substantial contributions. We, the Thomas W. Martin High School Class of 1968, wish to express our appreciation to a teacher who has been highly effective in training and preparing us for the future while at the same time making our school days enjoyable. She has done this through sincere interest in her students and with a feeling of love and concern for them. She is quick to recognize talent and to reward. Because of her helpfulness, devotion to duty, and concern for others, we are happy to dedicate to MRS. EDITH D. THOMASTON this Nineteenth Edition of the MARTINIAN, for we believe she typifies the spirit of Martin High School.

January 5, 1968

Dear Seniors:

Thank you for allowing me to contribute a brief message to your year-book.

I would like to encourage you to develop your character while you are in your youth, for this is the time of life in which you decide what you will do and what kind of person you will be in the future. The choices you make now will reflect in your character throughout your entire life.

Seek a philosophy to live by which will incorporate the spiritual and moral values of man. In formulating your philosophy, put God first and all things will fall into place. Tolerance and the christian way of life go hand in hand.

Character grows out of an awareness of the difference between right and wrong. It develops from a desire to embrace the right and avoid the wrong. It enables us to resist every kind of pressure when expediency clashes with principle and when shortsighted people clamor today for something they will condemn tomorrow. Character is the result of two things--mental attitude and the way we spend our time.

TAKE TIME TO LAUGH--It is the music of the soul.
TAKE TIME TO THINK--It is the source of power.
TAKE TIME TO PLAY--It is the source of perpetual youth.
TAKE TIME TO READ--It is the fountain of wisdom.
TAKE TIME TO PRAY--It is the greatest power on earth.
TAKE TIME TO LOVE AND BE LOVED--It is a God given privilege.
TAKE TIME TO BE FRIENDLY--It is the road to happiness.
TAKE TIME TO GIVE--It is too short a day to be selfish.
TAKE TIME TO WORK--It is the price of success.

Sincerely yours,

Robert E. Cunningham

To neglect your education is to deprive yourself of many of the finer things and sometimes even the necessities in life. If you want to acquire most of these desires, you will need to develop the God-given talents that are yours. Never has an education been so important to any generation. Your goal each day should be to do all you are capable of doing so that the world will be a better place for your having been here.

Last Will and Testament

We, the graduating class of 1968, of sound mind and body, make our Last Will and Testaments to those who will follow us.

We realize we will soon be leaving, and we would like to leave something behind that will help the upcoming Seniors, in hopes they will be better prepared for their Senior year.

I, MIKE BRASFIELD, will my ability to get hurt playing basketball or football to Joe Key.

I, BARBARA MIZE, will my ability to be Subscription Editor of the Martinian to Janet Snow.

I, MICKEY HORTON, will my neck harness and can of Ban spray to Larry Richards, Goodness! He needs the Ban.

I, DAVID THOMASTON, will to Arnold Brakefield my great love for fourth period typing, and to Johnny Bruner my good looks, intelligence, and athletic ability. Lots of luck; you'll need it.

I, TOMMY GILBERT, will to Rickey Key my ability to play football, and to Boyce Hosmer my ability to work at R. W. Key's.

I, JOHN CROWE, being of sound mind and body, will to Bill Short my ability to chew gum in Miss White's English class and always get caught, and to Bob Jent my love for Dora girls and fast cars, and to Doris Busby and Tommy Perryman my ability to run out of gas.

I, BECKY HORTON, will my ability to tear up a four-speed transmission to Susan Sanford.

We, RONALD (RED) MORROW AND MONTY (FRED) STOCKMAN, being of sound mind and body (WE THINK!), will to the upcoming Seniors, who will wish they were Juniors again, Miss White, with hopes they will have better luck with her than we did.

I, SANDY FULLER, will my desk in the back of English class to Joe Key.

I, RICHARD ALEXANDER, will to Bruce Glover my ability to pass all subjects without trying.

A NEW DAY

The sun rose to reveal a new year;
And we knew that we would not return
To the school that we had come to love so dear,
But enter a new life which we soon will learn.

Now the life before us is not very clear,
Clouded by the storms of confusion,
Not like the simple life of yesteryear,
Which in memory is a pleasant illusion.

Many years ago we left home with tears in our eyes
And entered school with frightened hearts;
Now it is with tears that we must say good-bye,
Knowing that we must part.

The task before us is great;
Our future lies in the palm of fate.
